

Orlando FSDO FAA Safety Team presents:

Pilot Proficiency and WINGS

Proficiency training is so beneficial to aviation safety that it is required of all pilots. Proficiency training should be part of the regular activity for any pilot. Studies have shown that pilots who participate in regular proficiency training are much less likely to experience accidents. That's where the WINGS program comes in! The FAA's "WINGS" Pilot Proficiency Program is one way for general aviation pilots to ensure they are competent, confident, and safe in their flight operations. It combines knowledge (ground) training and flight training with an instructor in specified areas of emphasis relating to accident prevention. Pilots complete training elements which, when appropriately combined, lead to completion of a phase.

- * WINGS is a voluntary Pilot Proficiency Program recognized and supported by the FAA
- * WINGS is ideally suited to flight schools, but for certificated pilots, is most beneficial if training is not done all at once but rather spaced out throughout the year. Pilots can tailor the program to their needs!
- * The WINGS Topic of the Month and Airworthiness Topic of the Quarter are easy ways to pursue regular proficiency training involving aeronautical knowledge.
- * Progress is tracked on-line at faasafety.gov with

Event Details

Thu, Jun 8, 2023 - 19:00 EDT
Orlando Executive Airport (ORL)
365 Rickenbacker Dr.
Orlando, FL 32802

Contact: Robert Breaux
407-644-4298

FAASTeam@CenturyLink.net

Select #: SO15120988
Lead Representative Robert Breaux

simple inputs from pilots and their instructors.
Completion of any phase of WINGS satisfies the
14 CFR 61.56 requirements for a Flight Review

* A cadre of WINGSPros is available to assist
Flight Instructors and pilots with WINGS.

Please visit the Orlando Executive Airport
FAASTeam Library web site:

<https://www.fsr-inc.org/FAAST/Seminar/Notice.aspx>

Directions: From Colonial Drive turn south on Rickenbacker Dr. Continue through the Fairgreen St intersection to the end of Rickenbacker Dr. and into the parking lot. Park in any available designated spot. Walk east to the Airport Administration Building.
